ABOUT

"His unique gift paved way for him to work with the legendary Cindy Thompson and he names William McDowell, Joe mettle and Pastor Isaiah Fosu Kwakye Jnr. as his mentors/role models."

Owing to his humble beginnings as a pastor's kid with 5 other siblings, Ephraim was introduced to Gospel music at an early age when he became the drummer during church services.

His love and passion for music grew rapidly as he emerged as a multi-instrumentalist who would, later on, evolve into a prolific music director and minister.

His essence manifested in full flight after enrolling into the Pentecost University College, (now Pentecost University) for his first degree and joining the mass choir as the choir's official drummer till he rose through the ranks to become its music director.

His ministrations while on campus carried an aura of an exact balance of skill, anointing, and the genuine presence of God whether he was behind the drums or the microphone.

Since then, Ephraim has moved on to bag a Master's Degree from the University of Salford and is now a Banker with Zenith Bank.

He is out with the Great One album and 2 other singles, Come As You Are & He Has Promised, and is currently working on his Sophomore album, Sounds of Heaven which features the likes of Luigi Mclean, Kofi Owusu Peprah, ADOMcwesi, among several others.

His unique gift paved way for him to work with the legendary Cindy Thompson and he names William McDowell, Joe mettle and Pastor Isaiah Fosu Kwakye Jnr. as his mentors/role models.

In commenting on his life's aim, future releases, and life philosophy, he states," As God permits, we'll soon be going global with spirit-filled releases.

For now, to anyone who looks up to me or has an aim to achieve, keep pushing and walk in the directives of God and you shall be fulfilled.

Life is all about living daily with a genuine heart of love towards your friends and foes and seeking God till your last breath".

Get interactive with Ephraim across his socials, anticipate Sounds of Heaven album on all digital streaming platforms and SUBSCRIBE to his YouTube Channel for more edifying updates.
